Sub: District Superintendent's quarters at Mangalore - Construction of a septic tank latrine - Permission to call for plan and estimate from the P.W.D.

--

There is at present an open latrine for the D.S.P's quarters at Mangalore. On account of the irregular service of Scavengers this type of latrine is found to be not as satisfactory from the sanitary point of view as the septic tank type, the moreso, because many new dwellings have come up in the vicinity.

2. Agreeably to the recent G.O., on the subject, G.O.No. 662, P.H., dated 28-2-49 - the District Collector has requested me to make early arrangements for the conversion of all the existing insanitary types of latrine into septic tank latrines.

3. I therefore request permission to call for a plan and estimate from the Public Works Department for a septic tank type latrine for the District Superintendent's quarters.
